The Epiphany of the Lord † January 8, 2017
ST. BRUNO PARISH
“While the world changes, the cross stands firm.”
Christmas JOY 2016
Hello, I am Fr. Dan Volkert. I have been appointed by Archbishop Listecki to be your Temporary Administrator for the next 6 months until June while Fr. Chuck is on medical leave of absence. I have been a priest for 15 years and my last assignment was of 2 parishes clustered together. Therefore, I am used to pastoring multiple parishes simultaneously. I know that there is some anxiety about the future at both parishes. But, I was assigned to your parishes to try and reaffirm a sense of trust and confidence that both parishes will be well positioned for the future.

I look forward to getting to know you and ministering to you. I ask that you please pray for Fr. Chuck during this time. Please know that you are all in my daily prayers.

God bless,
Fr. Dan

GOSPEL MEDITATION

“And behold, the star that they had seen at its rising preceded them, until it came and stopped over the place where the child was.” In our day and age, the star of Christmas has become a kind of decorative symbol that adorns manger scenes and Christmas trees. It suggests something good and bright and holy, a visual indicator that the “Light of the world” has appeared. But today, on the feast of the Epiphany, we recall that originally, this star was not just a pretty symbolic ornament. This star was a sign from God that intervened in the operations of the physical universe. The Magi understood that this star was sent from God to indicate where his Son would be born.

Of course it should not surprise us in this season of all seasons that God should choose to order the universe according to his purposes. Jesus has just been born to a virgin! God has just taken on human flesh. These events in themselves are extraordinary interventions—miracles that defy the standard operation of things. Why shouldn’t God choose to send a luminous star where he wants it, when he wants it? Why shouldn’t he reveal his plan through the things he created in the first place?

The beauty of today’s feast is found, in part, in the fact that the Magi were able to recognize this sign from God. They waited for it, they saw it, and they rejoiced in it: “They were overjoyed in seeing the star.” We too should be overjoyed in this season of God’s special revelation to us. We may need the eyes to recognize it, but truly we have waited for a Savior, we have seen his appearance at Christmas, and now it is time to celebrate! God is at work in our physical world, He has come here, now to save us. This is cause for rejoicing!

Talking to Your Kids About Sex

January 8th 9:45-10:50 PLC cafeteria

Presented by Vicki Thorn using scientific studies, Vicki Thorn shows how men and women are inherently different, yet are built to complement each other. She explains the biochemistry of sex, the problems of the sexual revolution and the fascinating science of attraction.

Mrs. Thorn uses biological data to show that the Church’s teaching on sexual morality is not outdated and has significant benefits for the physical, mental and spiritual well-being of men and women today. Vicki Thorn is the founder of Project Rachel and the Executive Director of the national office of Post-Abortion Reconciliation & Healing in Milw, WI. Her work has led her to research how people fall in love and bond to each other. She explains how her findings (especially related to hormones) affect human behavior and relationships. She is a trauma counselor, spiritual director, and a prenatal loss and bereavement facilitator.

**LIVE THE LITURGY—INSPIRATION FOR THE WEEK**

Today’s feast of the Epiphany reminds us that Jesus came into the world for all, not just a select group of people. Into all nations a light has come and today we reflect on the wonderful gift Jesus haves us in the light. If we journey with him, there is always hope and the darkness of confusion, ignorance, sin, and even death is dispelled. God is with us and knows every aspect of what is meant to be truly human.—LPI publications
