The Take 5 Sunday presentation schedule was adjusted with the topics previously agreed upon, and accommodating the duties of Father Dick, his session covering the "Gospel of Creation" will be on the Feb. 28 date. Floss presented a date/topic schedule for each of the Take 5 Sundays, and a copy of that schedule and topics and video resources for each is attached to these minutes.

Bill is arranging the tech details of video presentations, computer/projector/DVD sources, room arrangement. He may need help with chair or table set-up

Floss discussed the organization of the topics in relation to the numbers used in *Laudato Si'* clarified how the presentations related to the encyclical chapters. Those line-ups are included in the attachment.

It was agreed that each session would begin with a brief welcome and introduction by GT Chair Bill, and that Floss would lead the discussions following the video presentations. There was a discussion of the time available before the next Mass was scheduled, and that start and stop time would be adapted to conditions of the moment. Floss presented a set of possible discussion questions for sessions one and two of Take 5, and indicated that she would prepare additional queries focusing on the topics of each of the other sessions.

Advertising and publicity was considered. Jean will take care of Church Bulletin information. Mary S will work on a white board inviting people to attend the session.

Mary S suggested that a card be prepared to give to attendees that would have one side showing additional references (articles, web sites, books) and a brief prayer for the environment on the other side. Kathy P. would provide the card stock for these cards. Bill and Jean will design and print the cards.

The next meeting(s) will be on Thursday, March 17 to plan for the April coffee social, and the next regular meeting will be April 7.
