

St. Bruno Building and Grounds Meeting , Tuesday April 9, 2019

Members Present,

Kurt Hendricks, Paul Kronschnabel, Pat Seegers , Mary Daniel

In true Building and Ground mode, part of the meeting was held outside in the parking lot.

Kurt Hendricks presented a plan for the school to put a long jump area for school to use for their track team. Kurt and I reviewed the site and I gave my approval. The time and money is being provided by the school. Kurt and I reviewed heating, roof leak above the kitchen and scupper replacement and window seal leaks. Kurt and I discussed the mulch replacement for the school playground area. Kurt and I met early because he had other obligations.

Paul K and I met in church , in the kitchen, as other meetings were taking place. We reviewed one bid for painting the gathering place area and are waiting for a second one, Pat Seegers is working on that. Discussion regarding replace, refinish the gym floor and the univalent relocation is on going. Paul K and Mike Chilson will do the spraying of weeds on campus as they have in the past. Review on the parking lot drainage in the back and to the east was discussed. The wetlands is coming towards the paved area and will need to be regraded . Our parking lot is gently pitched in that back area to accommodate runoff. We will work on this later

Pat , Paul and I met in the parking lot as Pat was coming from another site. We reviewed all of the above .

Thank you Mike for refinishing the new planters which will be used for Easter.

See you in Church,

Mary
