

Market Day®

...The Original Fundraising Food Cooperative

I wanted to personally welcome you back to **Market Day®** and share how we are making it easier for busy families to feed their families delicious and nutritious foods and raise money for their school in one easy step! We will be stocking the shelves over the next school year with a selection of the original, high-quality delicious foods that **Market Day®** was built on and we are getting it all started with one of your all-time favorites- ChicNSteakes®!

One Awesome Change... we are making it easier for schools and organizations to raise funds by offering direct delivery of all orders to homes and business locations.

All orders are shipped via FedEx and UPS and packed in a reusable cooler with dry ice to ensure your order remains frozen throughout the shipping process and arrival at your front door.

Before becoming CEO of **Market Day®**, I was first introduced to Market Day® as one of the original vendors. Our Chicago based family sausage company- Krueger Sausage supplied Market Day® with handcrafted Bavarian Bratwurst, Italian Sausage and Chicken-Italian Sausage. As a busy Mom, I was a passionate Market Day® customer and couldn't live without my ChicNSteakes® and Chocolate-Chip Pudding Cakes! Today, beyond becoming the CEO of Market Day, I am a Mom and a Grandmother to Oliver (that's the little cutie in the picture).

At Market Day®, we are committed to maintaining the integrity, quality, and convenience of the foods we provide to our Market Day® families. Over the upcoming school year (2019/20) we invite you to follow our Facebook page and visit our website as we add more delicious and easy to make food to our offerings.

Warm Regards,

Theresa Krueger- CEO
Market Day Local, Inc. – Market Day
