

The goal of social distancing is to prevent the spread of illness. Holy Trinity has made arrangements for our students to continue their learning at home so that we can be a part of the solution in “flattening the curve.” If parents allow their children to congregate or if families continue to meet for social outings, it contradicts the efforts of the community. **Although we all will want to socially interact, we ask that you remain at home with your family so that we can work together to contain this disease and get back to our normal lives as soon as possible.**
