

# When You Say Thank You, Mean It!

## COMPASSION FOR OTHERS (*May/June*)

### *“Living the Golden Rule”*

- tolerating others is not the same as embracing them
  - use the Golden Rule to illustrate your point
- reinforces being respectful as well as being respected

#### **Questions for Discussion:**

1. What is respect for others? What does it look like?
2. How do we show respect for others?
3. What keeps us from being respectful towards others?

#### **ACTIVITY: RESPECT TILES**

Supplies: Respect Tiles template

How it works: Cut apart template and choose one card each day and focus on the item listed.

Variations: Come up with your own ways to show respect; use index cards or tiles instead of template, then use as coasters; take pictures of family members with each rule and post in a common area.

#### **FAMILY RULES OF RESPECT**

Using the “Respect Tiles” as a starting point, come up with 10 family rules of respect. Write them on the template, or create artwork for your home with the rules.
