

Dear Parishioners,

Here we now find ourselves a year later in Lent and a year characterized by staying at home, social distancing, face masks and hand washing. We have done so to take care of one another. We remember all who died alone from COVID19, those who cared for them and their families. As a parish we have not had many COVID related deaths but so many stories of courageous first responders doing what they do out of a call to serve. Thank you for your witness!

This Lent, I invite you to pray the theme above: "Renew ME. Renew US." To change the world, even just our own world, we must be ready for change. The Church calls it conversion and it is the story of LENT...how people come out of an experience different and with a renewed vigor and hope. As Jesus encounters, the person has to want it first. Want renewal, a new mixture of comfort and vision.

*In the journey of 40 days ahead which ends with victory!* - Fr. Carroll
