

## **Thoughts in prayer...**

**+ They say Satan's greatest trick is to make people believe he doesn't exist. His second greatest trick is to make people believe that Christ does not exist in the Eucharist.**

**+ It's impossible to look down on others while looking up to God.**

**+ Saying "I found Jesus!" is misleading. We don't find Jesus, He finds us (and He knew where we were all the time). We love because He first loved us first. When we love, we love with the love God gave us. Our part is to cooperate with God's love, not to take credit for it.**

**+ You don't need to know all the answers. There's only one answer. Jesus is the answer.**

**+ When we say, "Why me?!" ...look at the crucifix and Jesus may ask you the same question.**

**+ Forgiveness does not change yesterday, but it does change today and tomorrow.**

**+The question is NOT "Is God on our side?" The question is "Are we on the side of God?"**

**+ An atheist is only one small movement from believing in God: Atheist...A theist.**
