

# Connecting Kids to Justice

Day One

One way that we can be closer to Jesus is to use the power he gives us to help others. This week we have a chance to help people in Bolivia.

**RAMSEY**

# Catholic Social Teaching

Catholic Social Teaching tells us that as God's one human family, the world is our home. Since we share it, we must take good care of this beautiful home God has given us.

***“Thus says God, the Lord, who created the heavens and stretched them out, who spread out the earth and what comes from it, who gives breath to the people upon it and spirit to those who walk in it...”***

Photo by Benhur Arcayari/Malacañang Photo Bureau

“We must protect creation for it is a gift which the Lord has given us, it is God’s present to us; we are the guardians of creation.”

–Pope Francis

  
CATHOLIC RELIEF SERVICES

This lake in Bolivia used to be the country's second largest lake at 750 square miles. Today, it is gone due to increased temperatures caused by climate change and other factors.

One important thing we can do is pray for our human family, especially those suffering from loss of water and other resources.

# Prayer for Our Common Home

***God our Father, you have given us this beautiful home of earth in which to live. Move our hearts to care for this home that we share with the people of our time, and the generations still to come. Empower us to treasure every person, and so to protect and preserve our common home.***

***Amen.***

# Talk About It

- Do you have chores you do to help your family? What are they?
- What can you and your family do to conserve water and resources?
