MAN AND WOMAN GO TOGETHER

Man and Woman go together. They complement each other. A man's body fits with a woman's body. God made it this way so the two may become one flesh. In marriage husband and wife give their bodies to each other.

WHAT IS SEX?

Sex primarily is a distinction between the two types of people.

Male and Female

God did not have to make more than two sexes. The male and female sex was all that it took to mirror the image of God.

JESUS GAVE HIS BODY

Jesus gave His body on the Cross. He did this as a FREE gift. No one forced Him. His gift was FRUITFUL. It gave us spiritual life. His gift was TOTAL. He gave all holding nothing back. A husband and wife should give their bodies to each other FREELY, FRUITFULLY and TOTALLY.

BABIES & BONDING

God chooses to create new life when husband and wife give their bodies to each other. Husband and wife give their bodies ONLY to each other (exclusive). They commit to give to each other until death (permanent). They give their bodies to each other ONLY within marriage because it is in marriage where the two become one flesh.

SUPER [NATURAL]

Marriage is a natural vocation. Husband and wife give their bodies in a natural way, the order of nature. The priesthood and religious life is a supernatural vocation. Supernatural means "above" nature. Priest and religious give their bodies to ALL in a supernaturally way, the order of grace. They give FREELY, FRUITFULLY, TOTALLY & FAITHFULLY.

SAD TO SAY

Marriage is "the one blessing that was not forfeited by original sin." For this reason Satan hates marriage and wants to destroy it. Marriage is a great fortress that he constantly attacks. The many attacks are too sad to talk about now but as you get older we can and will talk about the attacks so that you can stand firm against the devil, the world and the flesh.
