

Dear Parents,

This has been a trying year with the threat of Covid 19 around us. Through we have only been able to have Communion II and Confirmation II in person classes (face to face), it is our hope that every family is working to fulfill their obligation to work with their children on prayers and right choices.

Our family meetings have resulted in only a few in attendance so we are now asking the parents to pick up a monthly information packet from the black box on the classroom porch. The information is for parents to get ideas on how to share the Catholic faith. Please read it and share with your family.

Your supper table is your Altar. You are your families first teacher and their example of faith.

1. Teach the basic prayers and say them together
2. Talk about God's love for us
3. Discuss right choices in our daily lives
4. Attend Mass on Facebook or find a website that shows a Catholic Mass
