

SUPPLIES NEEDED FOR
VBS IMAGINATION STATION

Dear Parents,

We have a fun week planned with some imaginative activities for our VBS Imagination Station. I tried my best to plan these activities with basic supplies that a lot of you will already have on hand. If you would like your child or children to participate, I have provided a supplies list below for each day of the week. I have included a picture and description of the activities as well so that you can plan ahead of time when gathering supplies. A lot of these supplies are “substitution friendly”, so that if you don’t have something on hand, you can sub out something else that might work. After all, it’s all about using our imaginations at Imagination Station!
