

# Harper Angel Tree

As the holidays approach, it is that time of year again to help children and their families in our school and community to have a happy holiday season. We will be hosting the “Longhorn” Angel Tree project again this year. Longhorn Angels will be hung from the Christmas tree in The Longhorn Learning Lab at the school. Please stop by and select an angel from the tree. Information such as wants, needs, and clothing sizes about a child will be provided for each angel you select. Once you have selected an angel from the tree, please purchase Christmas gifts for your little Longhorn Angel. Gifts need to be purchased and returned to Robin Harper on or before **Tuesday, December 8th.**

**Gift Suggestions:** 2 clothing items and 1 non-clothing item such as an age-appropriate “toy”, etc  
**Minimum Total Gift Value = \$25**

For those of you who cannot find time to shop for your “angel”, monetary donations can be made, and we will do the shopping for you. We also like to use monetary donations to HEB Gift Cards for each family to help with their holiday meal.

Students are encouraged to participate. However, students must have parental permission to take an angel from the tree.

If you have any questions, please contact Robin Harper. (830) 864-4044 EXT 1130
