

PLEASE READ

GUIDELINES for PRIVATE PRAYER & ADORATION

**7:30 AM to 6:00 PM Daily
(excluding Mass and Funerals)**

Welcome to Immaculate Conception Church. Spending quiet time in God's house is always good for the soul. At this time, we have certain guidelines established by the Bishop and the Diocese, which we must follow to provide a safe environment for prayer and to minimize the possibility for transmission of COVID-19. Thus, we ask that you do the following:

1. Please wear a face mask at all times while in the church. Make sure the mask covers both nose and mouth.
2. Use the hand sanitizer to sanitize your hands before entering the sanctuary.
3. Please use open pews only in the front center sections so that we do not have to clean the entire church at the end of the day.
4. If you so choose, you may sanitize the pew before starting your prayer time and again before leaving. Use a large spray bottle and a cloth rag to wipe down the section you will use. You only need to spray some of the liquid onto the rag and then wipe it on the wood surface. Allow the surface to air-dry.
5. Please **do not** spray the wood surface or the upholstery directly.
6. Return the spray bottle and rag to this table when you are done.
7. Please sanitize your hands before leaving the church.

NOTE: Doors into the sanctuary are being left open to facilitate air flow. Please leave them open.
