

Parental Permission Form General Technology Use for Students

Dear Parents and Guardians,

During your child's formative years at the elementary level, an understanding of technology tools will be used that will assist in learning over the course of the school experience. These tools are examined by the Archdiocesan Technology Integration Team and are used commonly in education today. Your permission for your child to access these tools is requested below.

- I grant permission for my child to use a school/teacher created class account for classroom projects and assignments, such as but not limited to *Seesaw*, *Brain Pop*, *Edmodo*, *Khan Academy*, and *Prodigy*.
- I grant permission for my child's work to be published on student classroom sites as prescribed by the teacher and/or school administration.
- For Grades 2-8, I grant permission for my child to use a school created account for *GSuite for Education* for educational purposes.
 - MMR will provide an account within the @MMRSchool.org domain.
 - My student will be able to log on and access *GSuite for Education* (Google Docs, Drive & Classroom) from any computer or web device both on and off school property.
 - My student will be able to share files and documents on Google Drive with teachers and other students within the @MMRSchool.org domain.
 - Google apps will not be used for purposes for which they were not intended or authorized.
 - My student account will NOT have access to email or Hangouts.
 - My student will not use these services for bullying or other inappropriate activity.
- For Grades 4-8, I authorize staff members of Mary, Mother of the Redeemer School to respond to my student digitally regarding academics or club activities (ex. email about a homework question.) Mary, Mother of the Redeemer School will only communicate with your child within the guidelines of the on-line Technology Addendum of our Safe Environment/Protecting God's Children program. Any e-mail from a school staff member responding to a student must be copied to another school staff member. E-mails must originate from the employee's MMRSchool.org domain. Ideally, student initiated communication will be sent from or copied to a parent's email or sent through Google Classroom.
 - MMR employees are not authorized to communicate with students by text message.
 - MMR employees are prohibited from communicating with students through social media sites.

I understand that this form remains in effect the entire time that my child attends Mary, Mother of the Redeemer School. If I would like to change it, I will submit another form. The form is available on the MMR website.

I have read, understand, and agree to the items above. I hereby warrant that I am free to give this permission.

Student's Name: _____

Parent's Name: _____

Parent's Signature: _____

Date: _____
