

## For Internet Explorer 11:

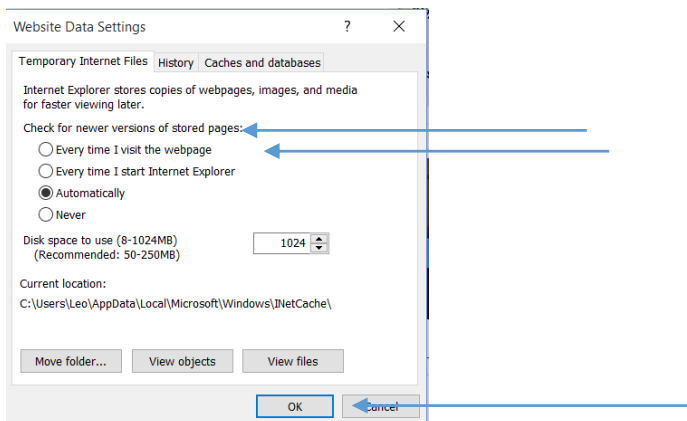

- 1) click on the gear (⚙️) in the upper right corner
- 2) Select Internet Options near the bottom of the sub-menu

- 3) A new page appears and you should be on the "General" tab. If not, click on the "General" tab

- 4) Look for "Browser History" section down the page and click on the "Settings" button
- 5) A new window appears. Look for the sentence "Check for newer versions of stored pages:"

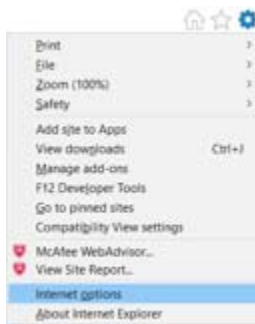

- 6) There are several options, click on the option "Every time I visit the webpage"

- 7) Click the "OK" button
- 8) Again, click the "OK" button
- 9) Type in the URL [www.strose-parish.org](http://www.strose-parish.org) and hit enter.
- 10) You should be presented with the Main page of the web site.

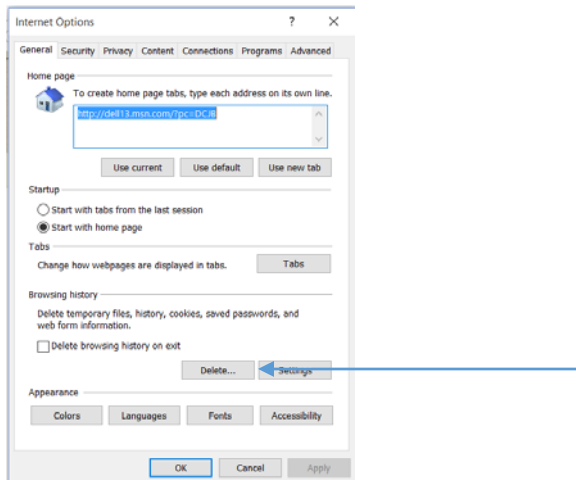

If this does not work, let us go to:

The Other Option:

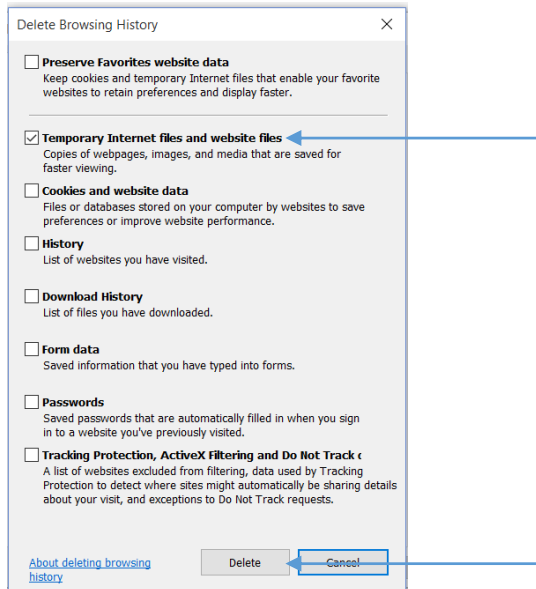

- 1) click on the gear (⚙) in the upper right corner
- 2) Select Internet Options near the bottom of the sub-menu

- 3) A new page appears and you should be on the "General" tab. If not, click on the "General" tab
- 4) Look for "Browser History" section down the page and click on the "Delete" button

- 5) A new window appears.
- 6) Look for the sentence "Temporary Internet files and website files"

- 7 Make sure ONLY the "Temporary Internet files..." box is check. All other boxes are UNCHECKED
- 8) Click on the "Delete" button
- 9) Back out of other pages if presented
