

# *ST. ROSE OF LIMA CATHOLIC CEMETERY EXPANSION*

St. Rose of Lima Parish Cemetery is expanding to include a NEW COLUMBARIUM, which will allow a sacred resting place for people choosing cremation over in-ground burial. Cremains niches in this columbarium are currently being offered for purchase to St. Rose of Lima Parish members. This is a perfect opportunity to plan for and choose a final resting place in the St. Rose Parish Cemetery.

To be located to the right of the existing columbarium, the new, complementary columbarium will be constructed of granite. Rectangular in shape, it will contain 32 niches, each with the capacity to hold two sealed cremains containers. Each niche includes a faceplate for the engraving of names and dates of birth and death of those inurned within the columbarium.
