

The Holy Sacrament of Baptism

This is called a Baptismal Record.

The place of Baptism is where all Sacramental Records are kept.

You will need to request a new certificate each time you receive a Sacrament:

- First Holy Communion
- Confirmation
- Marriage
- Holy Orders

Notations are made on the back stating the day the Sacrament was received, the name of the Church, and Priest that presided.

The place of Baptism will provide a signature and a **raised seal with the current date of request.**

This is what we look for. Your souvenir certificate will not be accepted even with a seal. We must have a CURRENT Baptismal record.

When your child receives his/her First Communion in May, we will record it in our books, but then we must notify the place of Baptism so they can record it as officially taken place.

This is to certify _____

Child of _____

and _____

born in _____
City State

on _____

was Baptized on _____

in the Church of _____

City _____
according to the Roman Rite of the Catholic Church

by the Rev. _____
