**Construction Update:** Many things have been accomplished over the last few weeks that we would like to acknowledge:

- Work to replace the copper on the dome of Fr. Bernard Hall is complete.
- Work on the tuck pointing of the church continues. The top of the belltower is complete and most of the mortar removal of the South wall is complete. The large bags in the green space are supplies for the mortar to continue with the tuck pointing work.
- Iron work on the tie rod system is ongoing.
- The masonry work on the back sacristy wall is coming along nicely
