SAINT ANTHONY OF PADUA

There is perhaps no more loved and admired saint in the Catholic Church than Saint Anthony of Padua, a Doctor of the Church. Though his work was in Italy, he was born in Portugal. He first joined the Augustinian Order and then left it and joined the Franciscan Order in 1221, when he was 26 years old.

Recognized as a great man of prayer and a great Scripture and theology scholar, Anthony became the first friar to teach theology to the other friars. Soon he was called from that post to preach in France, using his profound knowledge of Scripture and theology to convert and reassure those who had been misled by their denial of Christ's divinity and of the sacraments..

He is typically depicted with a book and the Infant Child Jesus, to whom He miraculously appeared, and is commonly referred to today as the "finder of lost articles." Upon exhumation, some 336 years after his death, his body was found to be corrupted, yet his tongue was totally incorrupt, so perfect were the teachings that had been formed upon it.

Saint Anthony was canonized less than one year after his death. His feast day is June 13th.
