**Curriculum:** We utilize the Creative Curriculum here at Our Lady of the Rosary Childhood Center. This program provides a framework on which teachers are to build a program that allows children to grow and develop as Jesus did- in "Wisdom and stature" and in "favor with God and man" (Luke 2:52). This curriculum provides a range of activities which are designed to meet the needs of two, three and, four year olds at their level of development. This program also provides guidance Activities in each unit to help each child develop language, reading, writing, and Skills appropriate to his or her stage of development. Providing a safe learning environment, as

well as the physical, mental, emotional, social and spiritual development of all the children are of equal importance.

**Discipline Policy:** Every child and parent is expected to respect the other children in the classroom, all staff members and all school equipment. We use a Positive Discipline approach: training the child to control his/her own behavior while teaching them to effectively solve problems and understand feelings, their own as well as others. We accomplish this task in the following manner:

1. Acknowledge the child's feelings, wishes and wants.
2. Communicate the limits.
3. Target the acceptable alternatives.

In case of a serious misbehavior, a Behavior Incident Report will be completed. This will be signed by the director and placed in the child's file. A conference will be requested if the director feels that the child needs to be placed on a behavior plan. The conference will be documented as well as signatures of who was present. If the behavior does not change the child will be dis-enrolled. Parent's cooperation is expected, and the parent must be available for a conference. At no time will corporal punishment be used. If the child bites, hits another child, teacher, or is throwing objects such as chairs we have the right to dis-enroll immediately. When discipline problems cannot be resolved, termination from our program may result.
