In the fall of 2018, we took a few SMCHS juniors on a hard hat tour of the new SMCHS, to give them a glimpse of their new school and hear what they thought about the new home of the Saints.

In the fall of 2019, these same students are now seniors and enjoying the new SMCHS. And when we took the same photo nearly one year later, we can see the crucifix placed directly above them.

The new SMCHS will feature four beautiful donor recognition walls, filled with photos from generations of Saints! With your donation or pledge, you can choose where you would like your name to be honored in the new SMCHS. Give now during the \$1 MILLION match to maximize your campaign pledge.

The photos below show the donor recognition walls that were installed in the new SMCHS last week.

Thank you for your prayers, support and financial gifts to build the future of Light of Christ Catholic Schools.
