Diocese of Manchester
The Catholic Church in New Hampshire

**SAINT STANISLAUS PARISH IN NASHUA
TO REOPEN**

*Staffed by the Priestly Fraternity of Saint Peter,
the reopened parish will be
dedicated to the celebration of the Latin Mass*

(MANCHESTER, NH) – The Most Reverend Peter A. Libasci, Bishop of Manchester, announced today that the Diocese of Manchester will soon be blessed with the opening of a new parish dedicated to the celebration of the Tridentine Rite Mass, when the former Saint Stanislaus church in Nashua will reopen. The new parish will be entrusted to the members of the Priestly Fraternity of Saint Peter (FSSP). While a pastor for the new parish has not yet been named, current plans call for the celebration of the first Mass in early August.

“Since coming here in 2011, I have heard from many Catholics who have a deep affection for the traditional liturgical forms of the pre-Vatican II era,” said Bishop Libasci. “Consistent with that desire I am happy to announce the opening of this parish, dedicated to the Extraordinary Form of the Mass, as suggested by Pope Benedict XVI in his Apostolic Letter *Summorum Pontificum*, issued Motu Proprio in 2007.”

Saint Stanislaus parish, established in 1908 to serve the Polish community of Nashua, was unified with Saint Aloysius of Gonzaga Parish in 2002. The church has remained in use since then as a Eucharistic adoration chapel. Since 1999 it has also been the home of the Corpus Christi Food Pantry. The pantry, with its many dedicated volunteers, will continue to offer its valuable services and programs that serve those who are in need in the greater Nashua area.

**A Reflection for the Feast of
The Most Holy Body and Blood of Christ**

Poor nutrition is a clear source of numerous ailments. Lack of vitamin C causes scurvy. A serious deficit in vitamin D can lead to weakened bones and osteoporosis. When a person does not have enough protein in his or her diet they can suffer from kwashiorkor, a wasting disease in which the body attacks its own tissues. Night vision is affected when a person is not consuming enough vitamin A. We also know that to stay healthy, we can't just eat enough food. We must eat the right kinds of foods, that is, a balanced, wholesome diet. While pizza includes several food groups (grains, dairy, meat, and sometimes even vegetables), a diet of pizza alone is not life-sustaining in the long term. The Gospel of the multiplication of the loaves and fishes for this feast of the Most Holy Body and Blood of Christ starts out with a curious verse. "Jesus spoke to the crowds about the kingdom of God, and he healed those who needed to be cured" (Lk 9:11). Luke, the writer who crafts his Gospel in such detail, weaves together the Eucharistic narrative of the loaves and fishes, with the preaching of the good news and the healing of the sick. It is a signal of what our Sunday celebration is for us today.

The Eucharist has always been a sacrament of nourishment and healing. We hear the word proclaimed at Sunday Mass and we discover Christ present among us in the breaking of the bread. The abundance of grace is always greater than we can take in, signified by the leftovers in the Gospel story. Through the Eucharist healing takes place as well. We are reconciled to God in the Eucharist, and made one with our God in the reception of Communion. And from the Mass members of the community take the healing presence of Christ to those who are sick or shut-in so that his comfort is shared. Christ is healing and nourishment for all.

Sanctuary Lamp Memorial

The sanctuary Lamp (the candle burning near the tabernacle) signals Jesus' Eucharistic presence in the tabernacle.

It burns constantly, 24 hours a day! If you would like to "sponsor" the burning of the Sanctuary Lamp in memory of a loved one, you are welcome to do so! Simply contact Sarah at the parish office. The offering is \$10 for any given week...from Sunday through Saturday.

This week it is burning in memory of
Maurice Myers
