

Prayer of the Faithful
Fourth Sunday of Lent

That all people live in light to dispel the darkness of the coronavirus pandemic, we pray...

That the eyes of national and local leaders are opened to the best paths forward for those they serve, we pray...

That fears about health and jobs awaken in our community the courage to love each other, we pray...

That the recent lighting of the Olympic torch encourages feelings of hope and peace, we pray...

That the light of faith growing in Stephen and Delia produces all types of good works, we pray

That healing shines upon all the sick, and that Rev Carl Urban and Rev James Schiffer and Lillian Eriole and all who have died are given light in heaven, we pray...

That the prayers in our Book of Intentions and those within our hearts are answered, we pray...
