2. Click on the add photos icon in the top ribbon.

3. The photos on your computer should be displayed automatically. Simply check all of the photos you want uploaded into the KofC album and click [DONE]. Your photos should be displayed in the album once they finish uploading. YOU ARE DONE!
4. If for some reason the photos on your computer don't automatically display, you can click on "SELECT FROM COMPUTER" and browse for the folder that has your photos.
