The St. James Spiritual “Testing Kit” for the Coronavirus Pandemic.

Check your soul...

1. Are you praying daily?
2. Is there a willingness to call at least one person every day, to determine if he/she is okay?
3. Or, each day, have you sent one message to someone to check on him/her?
4. Am I keeping more positive, than negative, as the days and weeks of quarantine continue?
5. Are you trying to prevent others to damage your faith in the Lord?
6. If I am on the road, when I drive pass our church building, do I remember He is present?
7. Do you sit quietly at the end of the day to determine, if there is something I could have done or said differently?
8. “Testing” is good.

Be the best medic for the well-being of your soul!

God bless you always and everywhere.
