

Pastor's Message

April 28, 2020

The following is a happy and proud public acknowledgement of the teaching faculty and Principal of our parochial school- The Academy of St. James!

Each one of them has been and continues to do an absolutely fantastic job since the COVID-19 pandemic forced the closing of the doors of the school for the preservation of our health! Each of them deserves our congratulations, thanks and praise! They have been wonderful to our children. And, with the excellent assistance of the school parents, the children continue to be educated and grow in their faith in God.

So, on behalf of everyone affiliated with Saint James of the Marches Church and the Academy, I pray God continues to bless our teaching faculty and Principal! We are proud of them.

May each of us follow their outstanding example as we continue to fulfill our respective responsibilities during our difficult days of quarantine.

God bless you always and everywhere.
Fr. Marc
