

# Pastor's Message

May 3, 2020

The official Catechism of the Catholic Church, Paragraph #336, addresses our marvelous belief in the Guardian Angels.

“From infancy to death human life is surrounded by their watchful care and intercession. By the side of each believer stands an angel as protector and shepherd leading him/her to life. Already here on earth the Christian life shares by faith in the blessed company of angels and all united in God.”

Certainly, each of us should experience profound comfort to have a Guardian Angel providing such personal “watchful care, intercession, and protection.” By gifting us with our own angel, God, with merciful and unconditional love, has bestowed an even greater assurance that one day we will experience heaven.

Pray for your angel's help, whenever you feel there is a need. Thank your angel for all the ways help has been provided. And, if you wish, as a means to remember you have a special friend in your Guardian Angel, provide a name!

Remember, be fully aware your Guardian Angel is always present with you. What a supremely blessed gift! It is for your benefit on earth, thereby enabling you to be with Him and the Angel, one day in eternal paradise!

Peace,  
Fr. Marc
