

Pastor's Message

July 5, 2020

While I was in the seminary, one of my classmates was blind. He became blind at the age of six after the surgical removal of a tumor.

Michael was a remarkable student. He also was gifted with a beautiful singing voice, as well as the talent to play the piano. He did complete his studies at the seminary. Michael was ordained to the Holy Priesthood over twenty years ago.

Adversity was surely a part of his life because of being blind. Nevertheless, he did not quit in the face of it. Actually, Fr. Michael utilized adversity to his advantage by achieving so much in his life! Michael had vision! He was able to see more than so many of us who let adversity stop us from achieving. As a matter of fact, today he is also a Catholic recording artist.

Don't let adversity keep you trapped in its clutches, thus preventing good things to happen in your life. Especially, fulfilling your potential as God, our Creator wishes for you!

Be inspired by Fr. Michael Joly! See him on You Tube. And, be victorious over adversity!

Peace,
Fr. Marc
