Dear Friends,

God bless you for answering my prayers! I cannot express how thankful I am for your \$242.55 gift—and for your friendship to the boys and girls of Mercy Home. Compassionate people like you are the reason our hurting kids can find happiness and heal from their painful pasts.

I have to admit... lately, I've been concerned about the cost of caring for our kids. The children coming to our door are more damaged by their pasts than ever before—and they require all the guidance, love, and support we can give them.

Kind and loving friends like you show our children that there is so much more than the violence and poverty they've known all their lives. Because of good people like you, our kids have a second start in life and a chance to feel all the happiness and love every child deserves.

Because you've been so generous to our boys and girls, I'm hoping you'll take a moment to share a little more with me. I've included a brief survey on the back of this letter about your interests, so that we can share the most meaningful news with you. Please feel free to return the survey to me in the envelope provided.

Thank you again for your friendship to my girls and boys. Your kindness is a true blessing. I will remember you in my daily prayers.

Blessings,

Fr. Scott Donahue
