Title: Artemis Fowl: The Lost Colony

Author: Eoin Clofer

Genre: Fantasy

Brief overview: Artemis goes wait for a special visitor outside of a building. When the visitor doesn't come, he decides to leave. Just as he was going into his limousine, a demon, the eight family, comes and traps him in a time vortex thingy. Butler saves him with his silver watch thing that grounds them in the world.

Recommendations (would you recommend this book? Who to? Why?)

I would recommend this book if you like fantasy. I would recommend it to these people because Artemis Fowl is about secret families and species hiding under the Earth and things like that.
