

Spirituality and Worship

Optimize our worship experience at All Saints so that all feel welcome and nourished.

Offer a wide variety of spiritual renewal opportunities to meet the needs of young and old.

Formally evaluate and recommend ways to improve the worship environment (e.g. technology, lighting, acoustics, cry room, hymn numbers, etc.).

- **Develop a process and train one another so that each parishioner becomes a “welcomer” to other parishioners**
- **Enhance our liturgies with consistent, meaningful homilies and opportunities for all ages to participate.**
 - Explore offering baby-sitting during Mass (volunteer-driven with staff support).
 - Explore offering Children’s Bible study And/or Liturgy explanation for grades 3-5 with weekly handout.
 - Inform parishioners that hearing-devices are available.
 - Redefine the roles of the ushers to help find seats in all wings of the Church.
 - Make more missalettes available to help people with worship.
 - Publish names/numbers of selected hymns for easier reference at each Mass.
 - Continue efforts to maintain a welcoming environment at Christmas and Easter masses with higher than average attendance.

- **Create a Worship/Spirituality Task Force**
 - This task force will organize and plan effective opportunities for renewal.
 - Task this same group to explore opportunities to manage our “lack of cry-room” reality.
- **Offer opportunities to re-energize Liturgical ministers each quarter.**
