

The following musical compositions are appropriate for use during Catholic wedding liturgies. It is recommended that all musical selections be made from this list. With that said, by no means is this a complete list of quality, beautiful sacred wedding music. The music department at St. Rose is always eager to enhance and build its repertoire. However, please be aware of our policies for choosing music not on our list:

1. All music used before and during the wedding ceremony must be sacred in nature and appropriate for the liturgy.
2. The music director must approve any music not on this list.
3. If our library does not contain the new music, the couple must purchase published copies of the music. Please consult the music director *before* purchasing new music. It is crucial that you purchase editions with the correct instrumentation, arrangement, key, etc.
