

At the July 9, 2020 meeting, Early County Area Ministerial Fellowship unanimously approved the following statement on racism.

We, the members of the Early County Area Ministerial Fellowship, are keenly aware of how the deaths of numerous African American men have raised a national discussion concerning racism. We, as ministers of the Gospel of Jesus, stand against all forms of prejudice, discrimination, and racism.

We ministers stand against any form of violence or excessive use of force. We ask the people of Early County to follow the path of Jesus. His practice of unconditional love has profoundly changed human history for the better.

We encourage all the people of Early County to build a world based on love instead of hatred or fear. We encourage all people to value everyone because they were created and loved by God. We encourage the use of non-violent, unconditional love of Jesus to make our society more just, fair, and equitable for all its residents. We offer you our prayers and our support.
