Bishop Edward M. Rice and The Missouri Catholic Conference urges all Catholics to contact their state Senator immediately and urge his or her support of House amended SB-5, the strongest pro-life bill to be considered by the General Assembly in many decades. This legislation will protect the health and safety of women; only physicians licensed in the State of Missouri may perform or induce abortions in an abortion facility in Missouri; ensure that women hear medical information from a doctor before deciding whether to obtain an abortion; requires abortion facilities to have written policies for managing an emergency and transferring patients to a hospital, and much more.
