Third Sunday of Easter April 30, 2017

Last Sunday ended our Religious Ed classes for the year. A big thank you to Bernadette Caponegro, Gina Liebhauser, and the team of catechists, aides and hall monitors for their generosity of love and time. We had a very good year. Our children learned a lot and it was a pleasure for Fr. Matthew, Deacon Michal or me to interact with the children and see the enthusiastic way in which our catechists teach. We have begun planning for next year and as our program grows, our need for catechists grows. Please consider volunteering your time for an hour and a half twice a month to teach our faith to our children ranging from Kindergarten through 8th grade or considering volunteering as a classroom aide.

Last Sunday we completed our 9th grade education session. During the Sunday 7:00pm Mass we had a bridging from 8th to 9th grade and from 9th to 10th grade. For many years we have built a strong foundation of faith for our young people. I'm very grateful to the parents, staff formation advisors, and all involved in teaching in our programs. The results we will see in our churches and in the living of our faith during the next twenty years plus.

Talk about building a foundation! Our Early Childhood Center is growing thanks to the dedication of Miss Lorie, her staff and the parents of our children. For the upcoming 2017-2018 school year we will provide:

- Infant Care: 6 weeks – 2 years old (New Program)
- Pre-K 3 Program with a strong academic component
- Pre-K 4 Program with a strong academic component

I welcome our ECC staff and children to the 10:30am Mass today. After Mass we have an Open House. Please join us to learn more about our excellent facility. We invite all parents and grandparents who have an interest in daycare and education for their little ones to come and see or call 973-887-1801 to make an appointment. We're proud of our STEM Program (Science, Technology, Engineering and Math). Through STEM we encourage children to explore, observe, ask questions and predict. Thus we open their minds to problem solving, and help them understand how to work as a team.

Congratulations to our former Academy community and now parishioners attending St. Patrick's, St. Vincent's, Trinity Academy, and St. Peter's who made First Holy Communion this weekend at 10:00am. Congratulations to Mrs. Taylor's class who made First Holy Communion at 12:00noon.

A big thank you to Bill Salemme who attended the Board of Education meeting last Monday and convinced the Board of Education to keep the flag "One Nation Under God" flying despite a request to have it removed. Thanks also to our wonderful Mayor Joe Pannullo for his support and for being courageous enough to keep the flag "One Nation Under God" over Town Hall. As our mayor reminds us – this is indeed a caring community but as Catholics we're also courageous enough to remember the sense of love in our community comes from God "In Whom We Trust." God bless America!

EARLY CHILDHOOD CENTER

Miss Donna's class was busy working on their small motor skills with an activity that involved colors and cutting. The children were busy learning the proper way to use a scissor while cutting out several shapes. Another activity for the week involved a center using the Scholastic News. The children discussed what you can use for different types of weather - concentrating on Spring. Coming up at the end of the week is our Trike-A-Thon. We are so excited to ride our bikes in school, all while benefitting a good cause.

We are now accepting applications for our 2017/2018 school year. If you are interested in applying, or for a tour of our facility, please call 973-887-1801. You can also email cfreeman@stroseacad.org.

Prayer to St Joseph for workers and those seeking employment.....

Silent and well-known carpenter in Nazareth, model of workers, by the work of your hands you gave your contribution to the work of the Creator, you earned your living, and you provided for the needs of the Holy Family. Intercede for all workers, in the difficulties of their daily lives especially for the unemployed, in their anxieties for tomorrow, so that through the guidance of God, the great Architect and Builder, they all may use their strength and talents to make visible God's new creation, to offer a concrete service to society, and to earn wages worthy of their efforts. With confidence and trust we make this prayer thru Jesus. Amen

Mr. Mike's Class decided to investigate the world of recycling. The children discovered where our garbage goes and the importance of recycling and reusing! We learned some neat tricks about how to help preserve our earth and how to reuse different things. We also investigated how to keep our planet clean and free of litter all in time to celebrate earth day by making our own paper plate earths!

Miss Lorie's class concentrated on recycling because Earth day was April 22nd! The children discussed several ways we can recycle. The children recalled our igloo made of recycled water bottles! Next, we had to think way back to October when we carved our pumpkin. Miss Lorie saved the pumpkin seeds from our pumpkin and we planted them. We will each get our own plant to take home and then replant in our yard-but we also planted several pumpkin seeds in our garden at school. We can't wait to see them sprout and then grow a vine! We will be keeping our eye on them throughout the spring and summer months.
