

Hello Father Edgar,

I hope you're doing well. Thank you for celebrating mass today. We watched it as a family and your words were a source of calm and inspiration. Thank you so much. We all miss being in church. My daughter Cate misses helping as an altar server. I'm sharing a picture of Cate drawing our church altar at the end of your service today. We hope to see you soon and please stay well and healthy.

God bless,  
Jeff Estilo and family
