28th Sunday in Ordinary Time Healing was a special ministry of Jesus. Through healing, the sick were not only restored to health, but they were restored to community life – the community was healed as well. Who are the lepers of our society who are cast out and rejected? What healing do we need to welcome the immigrant; the poor; the prisoner coming out of jail? How are we called by our faith to challenge and heal our society by upholding the dignity of every person, especially those who are hated, marginalized or helpless?
