From the Principal's Desk

LEI Notre Dame Institute & St. Joseph Catholic School

St. Joseph Catholic School has been privileged to participate in two programs this year. The first is the Latino Enrollment Institute with the University of Notre Dame, as part of the Alliance for Catholic Education. Last week, I joined approximately 60 principals, from across the United States, in Scottsdale, Arizona. We had the opportunity to work with Notre Dame educators and share ideas regarding the programs and practices of top Catholic Schools.

In addition, Dr. Darling, Mrs. Hussey, and I have been working with the diocesan Partners in Mission program. This program has brought together all of our Diocesan Principals and staff members to share marketing and development strategies for future planning.

Both of these programs have been very positive for St. Joseph Catholic School. We had a strong response to our recent Open House, and we continue to have daily inquiries and tours for new families interested in joining our school community for next year.

In order to assist us in finalizing our budget for next year, planning for staff and classrooms, and determining teacher placements, we need all returning families to make sure registration for the 2017-2018 school year has been completed.

Please email or call the school office if you have questions.
