Apostolate

To build the church, we must build saints! We need to have a few saints.
It is the prayers of saints what save the world!
We are the saints God is working with and we need to be Holy.
For that we need: Personal contact, live by example, true faith, interior life.

Does the 21st century will be mystic or pagan? Mystic: great and profound relation with God.
Deep profound spiritual life. Do not cut corners for spiritual life. We need to organize things. God does not need a defender, He does what he wants.
All RC members should do 30 min of meditation for day. We need prayer, conversion, grace.
Prayer move our heart to change, we do better! Have HIM!
Give others what you, yourself is contemplating, Give Jesus that.
Do not forget the essential. Every time something happens go to Jesus.

I worry what God want me to do and I do not worry for the rest (Fr Emilio)

For that Pray, Obey Him. Everything else is self-will. Obedience let Jesus embrace in His cross.
The best we can do to someone is obey God. In everything we need to obey. We must obey God and his instruments. When you are obedient you go out of your comfort zone and you do it.
You discern, you ask, you pray, and if He said yes, you do it!

We can start with our husband, they are our other half, if he is against it, we should think about it. Ask our spiritual director.

Perseverance.
God can change our direction

Faith humiliation and perseverance made things work
Impatience make things do not work
Zeal and impatience do different. Do not be quick to give up.

Apply the methodology
Use the gifts God give us, use talents for the person, talk person to person, team life, spiritual direction, dialogue, encounter, study circle. Have confidence in the methodology

How are you inviting people to RC?
Do we have discomfort telling people we are RC?
Do I am ok telling the world about Jesus?
Renew the love, we are here, God see that. Let God flame into us a fire to bring others to Jesus through RC.

They will know I am in love with Jesus and they will like what I have.
