

MEN'S FELLOWSHIP GROUP INFORMATION

The Holy Spirit is moving among Catholic men in a special way. Over the past years, across this country there has been a steady rise of local Catholic men's groups. This is a living testament to this powerful action by the Holy Spirit. Through these groups, Catholic men are building strong relationships, learning how to pray for one another, and finding the support they need to thrive in today's challenging culture. The expansion and continued success of these groups is critical to the future of our Church. Please provide information about your group to be included on our website and upcoming print directory.
