

**VIRTUAL MEETINGS/MEDIA RELEASE for minors under the age of 18**

As parents of \_\_\_\_\_, we hereby request permission to have him/her participate in the **YES** on-line gatherings throughout the coming academic year. We will be using Webex as our virtual platform. I understand my child will be on-line with our parish youth minister and members of our Adult Advisory Team. On occasion, we may have virtual check-ins with our Pastor or Parochial Vicar, or possible guest speakers. We encourage those teens who participate on-line to do so in a family room so that parents/guardians can monitor all on-line meetings and activities. In addition, I give permission for my child to participate in the GROUP ME texting forum which we use to communicate YES activities/events throughout the year.

I also agree to allow my child to be photographed during in-person YES activities held on our church or school property or during field trip excursions in the coming year. I give permission for these photos to be sent to local media outlets; diocesan newspapers or used on our parish or school websites for marketing and evangelization purposes.

Please **scan** the completed permission forms to [yes@smlparish.org](mailto:yes@smlparish.org)
