Old Business (Jun or Earlier Topics)

- Contacted Sam Smith, we were able to borrow a 45 ft lift from Koetter woodworking. We drove it to the church taking 45 minutes for the road trip.
 - The repairs were made to the siding on entrance of the church.
 - Note: There is no insulation value to the siding even though there was some foam behind the siding, most of it was missing, and there were only about 4 nails holding the siding in place. Replace old siding and used screws to hold it in place.
 - Replaced 3 security lights with LED lights. West side of the A/C, pole by dumpster, and pole by P/H.
 - Looking up at the church gutters from the shrine area it looks like bare wood showing, that is part of the flashing that did not get painted, it was fine.
 - Unable to do any tree trimming due to excessive rain
 - Returned lift to Koetter woodworking. We had the lift for about 6 days counting the weekend.
- Sent letter to unbound sponsor child.
