Parish Nurse/Health Ministry Best Practices
Diocese of Houma-Thibodaux
Parish Nurse/Health Ministry Best Practices

Q – Who can be a Parish Nurse and what do they do?

A - A Parish nurse’s role focuses on personal health counseling, health education, referrals, wellness promotions, advocacy and the integration of faith and healing. A parish nurse can be a paid employee or volunteer of the parish. A parish nurse can also be contracted through a local healthcare institution.

Q – Does starting a parish nurse/health ministry program bring additional risk to our parish’s liability insurance program?

A – Your exposure to loss increases anytime a new program is started within the parish. However, if parish nurse programs adhere to the best practice guidelines and do not perform any “hands on” type nursing activities, your increased exposure is minimal.

Q – What procedures must be in place before starting a parish nurse/health ministry program at my parish?

A - By being aware of and following the “best practices” for parish nurse/health ministry programs shown below and understanding the detailed information available in the Catholic Mutual Guidelines for Parish Nurse/Health Ministry Programs, you will be better prepared to provide a well-run, effective program at your parish.
