

MOST HOLY REDEEMER  
GROUNDS AND BUILDINGIMPROVEMENTS COMMITTEE

Fellow Parishioners,

Our committee will be meeting on Thursday , April 20<sup>th</sup> at 5;15 PM. We will be gathering in the Fr. Benoit Parish Center in one of the classrooms.

We will be giving an update on what has transpired in the last few months and we will be discussing projects that we hope will be taking place over the next year.

These proposed projects include a new, handicapped accessible toilet facility in the church building, an improved audio system, further improvements in signage , updating our electrical system based on a recently completed energy audit, vinyl siding on the garage/storage building as well as solar panels on its roof, and of course aesthetic improvements in the church itself such as new carpeting.

Your input is essential to the success of these improvement projects. Come willing to share your ideas and hopes. If you know someone who would like to join us, please reach out to them. All are welcome.

Hoping to see you at this important meeting.
