DENTAL EXAMINATION

The Pennsylvania School Health Law requires dental examinations for children—one upon entrance into school, one in third grade, and one in seventh grade. These grades were selected because they represent critical periods of growth and development in a child's life. We recommend you take your child to your private dentist before **Jan. 1** and return the following form to the school nurse. **If the school nurse or dental hygienist in the building where your child attends school has not received the completed form by Jan. 1st**, the school dentist or dental hygienist will schedule your child for a dental examination.
