

Dear Incoming Fourth Graders,

*Welcome to 4th grade at Divine Mercy Academy. Fourth grade is fabulous and to start it off that way you will complete a fun and educational project involving **math and or science** this summer!*

*The summer reading assignment will be to read about a famous person who has made a contribution to either Math or Science. I would like each of you to pick a biography of someone who fits this criteria from the **Who Was** series or from another biography comparable to the **Who Was** series. This series has quite a few biographies of some famous people. Some good choices would be Thomas Alva Edison, Charles Darwin, Benjamin Franklin, Neil Armstrong, Jacques Cousteau, Galileo, Isaac Newton, Marie Curie, Rachel Carson, Sally Ride, Albert Einstein, and Jane Goodall. Maybe you will pick one of the people you know nothing about and develop a better understanding of their accomplishments and what they gifted to the world. I want you to read about people who may have faced problems, overcome obstacles or criticism, and persevered through it all to succeed and make a contribution to our world. My hope is that you will find a new found source of inspiration in this project! :)*

*I am enclosing a book report outline for you to fill out as neatly and completely as possible. Please do your own work. On Wednesday, September 8, 2021 I would like you to bring in an outfit as close as possible to what your person would wear. I would love for you to get in character with voice, hair, etc. Along with the book report outline and the outfit, you are to bring in a bag with **no less than five items** that pertain to their person. Please understand, I don't consider pictures to be items. You may certainly bring them in, but they will be in addition to the five items. Included in this bag should be items that give us an*

idea of your person's contribution to the study of math or science. As you are in character, you will teach us about your famous person. Explain why you think these items are important to your person and why what they accomplished is important to our world. This should bring a deeper meaning to the project.

I suggest you take notes as you read your biography, read your book more than once, and start your report early on in the summer so you do your very best work without rushing.

We will share the biographies on Thursday and Friday, September 9 & 10, 2021. I'm looking forward to a wonderful new year with you.

Have a safe, fun and blessed summer!

With God's Peace,

Mrs. Lyness

PS. The supply list is attached! :)

Helpful Summer Strategies for Parents of 4th Grade Students

- *Pick up a cool journal for your child to write a paragraph in two or three times a week. They can write about what they are doing, what they are thinking, if they have any questions to ask, or anything that is on their mind! They can make up fictional stories. Maybe they'll want to start writing their own autobiography by writing about their own adventures! Maybe they'll want to write a few poems about the beach or vacation or the garden!! Just to keep the children writing is key!! :)*
- *Encourage your child to read every day.*
- *Make reading fun! I go - you go!*
- *Help your child select books that are not too easy and not too hard - just right. Use the five finger strategy. As your child reads a page, have them use their fingers to count how many words they don't know on the page. If they don't know two or three words, that's ok. If they don't know four or five words, the book is probably a little too advanced for them.*
- *Keep reading to and with your child even after your child has learned to read.*
- *Talk with your child about your favorite book growing up.*
- *Listen to your child read and show interest in the story.*
- *Read the same story as your child so you can discuss it with them!!*

If your child is struggling with reading, sometimes reading together at the same time helps to model fluency and helps with unfamiliar words. Reading along with a book online or on CD may also help.

Math Facts

Along with the IXL assignment that is assigned to your child this summer I strongly recommend that your child stay on top of his or her math facts. I can't stress this enough. They should have mastered all their addition and subtraction facts. Knowing their multiplication and division facts is extremely important!! They should know all of these facts to twelve before they enter fourth grade. Children who have a good command of their facts start with a definite advantage.

Flashcards, drilling the facts while driving, computer games, and card games are all fun ways to review. My family loves playing Yahtzee and card games such as 500, which reinforce facts in such a fun way.

Please set aside time, several days a week, to do this with your child, especially if you find they struggle in math. I find that most children tend to get rusty over the summer. The children who know their facts, always seem to achieve better understanding in math.

I'm looking forward to a great year working with your children and you.

Thank you for your cooperation with the summer reading assignment, the dress up, bag of items, the book report and the math fact study.

Peace and prayers for a safe, happy, and restful summer,

With Much Gratitude,

Mrs. Lyness

Summer Reading Outline-Incoming 4th Graders

Your Name _____ Date _____

Biography from the **Who Was Series** or another Biography

Book Title

Biography of

Biography Author

Date of Birth

Date of Death or Age in 2021 _____

Please share four facts about the early life of your famous person.

Write in well constructed complete sentences!!!

1. _____

2. _____

3.

4.

Explain four reasons why your person is important. Please write using complete and descriptive sentences.

1.

2.

3.

4.

List four adjectives that describe your person. Please make them "college talk" adjectives, thoughtful adjectives.

1. _____ 2. _____

3. _____ 4. _____

If you could ask your person a question, what would you ask them and why would you ask that particular question? Please give a very thoughtful response!! Don't forget to explain why you chose to ask the question that you asked. :)

Fourth Grade Supply List

PLEASE put your child's name on everything, uniforms and supplies!!!

Sometimes I have six sweatshirts that no one claims. Please label everything!!!

So you won't purchase unnecessary supplies, here is a list of what will be needed for next year! I'm hoping you can find some sales!!!! :) Please try not to get a lot of extras as our space is limited. Please label all of your supplies and bring them to school on the first day! :)

<i>Number needed</i>	<i>Item</i>
1	<i>pair of headphones/earbuds to be kept at and used in school - Please don't send in expensive items as they sometimes get lost.</i>
1	<i>5-subject spiral notebook</i>
1	<i>6 or 8 multi-pocket portfolio (not the accordion type)</i>
1	<i>pencil box - approx 5" x 8"</i>
6	<i>red pens</i>
12	<i>#2 sharpened pencils</i>
1	<i>sharpener with a cover to catch pencil shavings</i>
1	<i>box 24 crayons</i>
4	<i>highlighters (1 of each yellow, pink, blue, and green)</i>
1	<i>package of colored pencils</i>
1	<i>package of Washable Markers</i>
4	<i>black Sharpie Markers (2 fine point, 2 regular)</i>
1	<i>4 oz Bottle of tacky Glue</i>
2	<i>glue sticks</i>
1	<i>12" ruler with metric measurements</i>
1	<i>pair of scissors</i>
1	<i>index card box for vocab cards</i>
3	<i>packages of ruled index cards white or color</i>
1	<i>clear self adhesive shelf covering to cover soft books</i>
1	<i>Backpack or Book Bag</i>
1	<i>Small Dictionary</i>
5/6	<i>Containers of Antibacterial Hand Wipes (You can buy them at Walmart.</i>

*I have plenty of tissues and paper towels left over. Wipes were a hot commodity in class, therefore they are what I am requesting from you.
With Much Gratitude for all You do, Mrs. Lyness*
