

Dear St. Clement Parents,

Below you will find the Missouri Immunization Requirements for Junior Kindergarten (preschool) and the requirements for Kindergarten through 8th grade. We are no longer using a physical form provided by our school. Please have your pediatrician fax or print a copy of your child's most current physical and vaccination record and provide them to our school on or before the first day of school. Thank you for your help and feel free to call me if you have any questions!
