

## **Computer Enrichment Coming In January!**

Join us Fridays in January for computers! Children will work on laptops and learn basic computer skills and navigation. Each lesson will have children practicing using the mouse, track-pad, and keyboard while working on math and early literacy concepts as well as critical thinking and problem solving skills.

Class will meet for 4 weeks beginning on January 10th from 11:30-12:30 at St. Columbkil Preschool. The cost of the session is \$15. Also, please be sure to pack your child a lunch each Friday as they will get to enjoy it with their friends!

\*We will accept a maximum of 10 children for the January session to ensure all students receive plenty of teacher instruction and adequate time on the computer. Spots will only be reserved once payment is received (either by giving a check to Mrs. Nickel or by paying online through Parish Giving). We understand that not all children who may want to participate in January will be able to get a spot so we will offer the same exact course in February for those who won't be attending January.

Please complete the attached form and return with payment as soon as possible.
