Prince of Peace Parish is proud of its support of families choosing to provide their children with a Catholic education. In partnership with Catholic Schools, it is our hope that together we can give our young people a solid foundation in our faith in Jesus Christ. The source and summit of the life of a Catholic is the Sunday Eucharist. Therefore, attendance and participation at Sunday Mass is vital for sustaining a Catholic faith.

The parish and finance councils have agreed that for families who attend Sunday Mass on a regular basis, they may request support to send their children to Catholic schools in order to reduce their burden of tuition.

Please note the following:

- Regular basis is defined as three out of four weekends a month.
- Attending weekday Mass at school does not replace the Sunday Mass, which is the heart of our faith.
- There should be a year of participation in the parish before applying for a subsidy.
- Due to the many locations and size of the parish, the objective measure for attendance is the use of the parish budget envelopes. Volunteering at parish events does not replace the importance of participating in the Eucharistic Sacrifice of Sunday Mass.
- The amount placed in the budget envelope has no bearing on the decision to grant the subsidy. You may place an empty envelope in the offertory, and it will still register as counted.
- You may place your parish envelopes at other parishes since they are returned to our parish.
- If you place multiple weeks of envelopes into the same week, they register only on the week it is given.
- The pastor makes the decision for the acceptance of payment to the schools with the understanding that families may request a meeting with him or parish council if there are any concerns over any decisions made.
- The commitment for the parish is on a year-to-year basis and the requirements as evaluated each year.
